Saint Mary's University of MINNESOTA
ACA

THE PLAN ON ONE PAGE

One idea, one path, twenty weeks.

PLI already has the strongest proof a degree can have: most of its students are the teachers in ACA's own staff rooms. This campaign turns that fact into a clear message, builds the missing road from “interested” to “applied”, and runs it across LinkedIn, Instagram, Facebook and ACA's internal channels for two cohorts.

The big idea

GROW WHERE YOU TEACH

Online: “Grow wherever you teach.” Ed.D: “Lead the next chapter.”

The proof

6 in 10

of our past MAED students were ACA educators. Used in every asset.

The offer

Monthly

MAED paid over 18 months, ACA staff rate. Fees are shared by email only (Saint Mary's preference).

Who we talk to

ACA staff (the core) · new ACA hires · external educators in Kuwait · educators outside Kuwait (online) · experienced leaders (Ed.D).

Where

LinkedIn to convince · **Instagram** to remind · **Facebook** for reach and ads · **internal ACA channels** to convert staff.

When

January cohort: apply by Thu 24 Dec 2026, classes start Mon 4 Jan. March cohort: apply by Fri 5 Mar 2027, classes start Mon 15 Mar. Ed.D always-on.

WHAT GETS BUILT

16
motion videos with voiceover (male and female versions), 9:16 and 4:5, burned-in captions

18
carousels (Instagram/Facebook PNG + LinkedIn PDF document posts)

26
single posts, plus 6 LinkedIn personal posts, 9 story sets (31 frames), emails, posters and a programme guide

WHAT SUCCESS LOOKS LIKE

- Every interested educator can apply in one tap, and gets a reply within one working day.
- January and March cohorts filled to the targets PLI sets, with a clear picture of which channel brought each student.
- PLI becomes the obvious answer when a teacher in Kuwait says “one day I'll do my master's”.

Budget (recommended): about 2,000 KD of paid media over 20 weeks (lean option about 900 KD). One extra MAED enrolment covers most of the recommended budget, so the campaign pays for itself with very few extra students.

WHERE PLI STANDS TODAY

A great product, told quietly.

The Professional Learning Institute delivers two Saint Mary's University of Minnesota degrees in Kuwait: the **MAED** (Master of Arts in Education — Curriculum & Instruction; 30 credits, 10 courses, 18 months) and the **Ed.D** (Ed.D in Educational Leadership; 39 credits, 3 years, fully online, no dissertation).

What the numbers say

- About **62%** of past students were ACA staff; **38%** were external.
- Students came from at least **eight nationalities**.
- Payments are monthly, over 18 months, with a staff rate for ACA educators.

What the audience sees

- A good-looking Instagram, mostly about events (Saturday Learning Series) and programme facts.
- No price, no proof story, no clear “apply here”.
- Website “Apply Now” buttons that lead to ACA job listings, not to PLI.

THE DIAGNOSIS IN PLAIN WORDS

People who already know PLI like it. People who don't know it yet have no simple reason to stop scrolling, and those who are interested have no easy next step. So the campaign has two jobs at the same time:

1 · Create demand

Tell the proof story (your colleagues already did it), show the price as a monthly figure, answer the hard questions honestly, and keep showing up every week.

2 · Build the road to “applied”

One enquiry form, one link everywhere, a reply within 24 hours, a 15-minute call, a simple checklist, and a tracker that shows where every student came from.

WHY NOW

Two cohorts start within five months (4 January and 15 March). New ACA staff join in January with signing bonuses and PL stipends. The new year, the International Day of Education (24 January) and Ramadan are natural moments when educators think about their next step. And a new online option lets PLI reach former ACA staff and teachers across the GCC for the first time.

STRENGTHS AND WEAKNESSES

What we build on, what we fix.

STRENGTHS

S1 · Proof from inside
More than 6 in 10 past MAED students were ACA educators — the strongest social proof a teacher can hear.

S2 · A real US degree
Saint Mary's University of Minnesota, accredited in the US by the Higher Learning Commission.

S3 · Built for working teachers
Weekly in-person classes in Kuwait, 18 months, no career pause.

S4 · Simple money
Monthly payments, a staff rate, PL stipend and signing bonus for ACA staff, a referral reward.

S5 · A diverse community
38% external students from 8+ nationalities: credible beyond ACA.

S6 · Brand and events
A recognisable visual identity, real graduation photos and a warm Saturday Learning Series audience.

S7 · A rare doctorate
Executive Ed.D: online, 3 years, no dissertation — few local competitors.

S8 · New reach
An online option leading to the same degree and diploma.

WEAKNESSES

W1 · Event-heavy content
Posts describe events and facts, not why the degree is worth it.

W2 · Hidden price
The monthly price is never shown, so people assume “too expensive”.

W3 · No path to apply
No enquiry form, “Apply Now” goes to job listings, no lead tracking.

W4 · Unused proof
The 62% fact and graduates’ stories are rarely told.

W5 · Narrow channels
No PLI Facebook page, light LinkedIn use, no paid media.

W6 · Kuwait questions
Expatriate teachers and Kuwaiti citizens need different, careful answers; silence creates doubt.

W7 · Inside-out audience
Strong with ACA staff, little awareness among external educators.

W8 · No measurement
No weekly numbers, so no way to know what works.

Opportunities
January new hires · two cohorts in one season · teachers scroll Instagram in the evening · LinkedIn is where leaders evaluate degrees · GCC educators via the online option · New Year, Day of Education and Ramadan moments.

Risks to manage
Over-claiming on accreditation or on use in Kuwait · slow replies to leads · ad fatigue · Ramadan and Eid dates moving by a day · small budget spread too thin. Each has a rule in this plan.

CAMPAIGN GOALS

Short-term wins, long-term position.

Short-term goals fill the next two cohorts. Long-term goals make sure PLI never has to start from zero again.

SHORT-TERM GOALS · THIS CAMPAIGN (12 NOV 2026 – 3 APR 2027)

#	Goal	How we measure it
ST1	Build the path to conversion in Week 0: one form, one link, “Apply Now” fixed, lead tracker live.	Done before the first post on Thu 12 Nov; every bio, ad and post uses the same link.
ST2	Fill the January cohort (deadline Thu 24 Dec).	Enrolments vs. the target PLI sets; applications and calls booked.
ST3	Fill the March cohort, including the first online learners (deadline Fri 5 Mar).	Enrolments by segment (ACA / external / online).
ST4	Generate qualified leads every week from every channel.	Leads by source (UTM) and segment; cost per lead on paid media.
ST5	Answer fast: every lead gets a reply within 1 working day and an offer of a 15-minute call.	Reply time in the tracker; 25–35% of leads book a call.
ST6	Tell the proof story: collect 5 graduate stories with consent (3 ACA, 2 external).	5 spotlights published by Week 19.
ST7	Run 3 Live Q&As and keep a weekly posting rhythm (177 scheduled posts).	Attendees, questions, saves, shares, document completion.

LONG-TERM GOALS · THE NEXT 6–24 MONTHS

#	Goal	What it changes
LT1	Be the first name educators in Kuwait think of for a master's — “the staff-room choice”.	Demand arrives before the campaign starts.
LT2	An always-on pipeline for every intake, not campaign spikes.	Steady leads; less pressure before deadlines.
LT3	Grow the external and online share while keeping the ACA core.	A bigger, more resilient student base across the GCC.
LT4	Build an Ed.D pipeline of experienced leaders.	Higher-value enrolments and senior advocates.
LT5	A graduate ambassador community that refers new students.	Referrals become a reliable, low-cost source.
LT6	Decide with data: know the cost per enrolment by channel.	Every future dinar goes where it works.

Numeric enrolment, application and lead targets are set with PLI from past cohort sizes (placeholders in the plan: TARGET_ENROLMENTS, TARGET_APPS, TARGET_LEADS). A simple rule: target the average past cohort size plus 20%, then work back with a 25–35% lead-to-call rate.

HOW IT FITS TOGETHER

Strengths power the goals. Goals fix the weaknesses.

Each piece of content uses a strength to move a goal forward, and reaching each goal closes a weakness. **The loop:** proof brings leads → fast answers turn leads into students → students become graduates → graduates become new proof and referrals.

1 · HOW THE CAMPAIGN USES EACH STRENGTH

Strength	How the campaign uses it	Goals it serves
S1 Proof from inside	Anchor message "Your colleagues already did it", the 6-in-10 dot badge on every asset, V01, C01, S02, staff email #1.	ST2, ST3, LT1
S2 A real US degree	Exact accreditation line in C02, C07, V02, V09; credibility for external educators on LinkedIn.	ST4, LT3
S3 Built for working teachers	"Teach by day, grow by week" (V05), myths vs facts (C08), 18-months map (C10).	ST2, ST3
S4 Simple money	Show the monthly maths openly (V03, C04, S18); PL stipend and signing bonus for staff and new hires (V14); referral reward (V06, C05).	ST2, ST3, LT5
S5 A diverse community	"One classroom, eight nationalities" (C11); external graduates in spotlights.	ST4, LT3
S6 Brand and events	New content sits naturally in the existing grid; a 2-minute PLI slot + QR at every Saturday Learning Series.	ST4, LT1
S7 A rare doctorate	Always-on Ed.D content on LinkedIn (V04, C03, S07, L06) aimed at leaders with 10+ years.	LT4
S8 New reach	"Grow wherever you teach" (V07, C13) and GCC campaigns from 31 Jan.	ST3, LT3

2 · HOW EACH GOAL STRENGTHENS A WEAKNESS

Goal	Weakness it fixes	How we'll see it
ST1 Path to conversion	W3 No path to apply · W8 No measurement	Form + tracker live; every lead has a source and a status.
ST4 Weekly qualified leads	W5 Narrow channels · W7 Inside-out audience	LinkedIn and Meta campaigns reach external educators and the GCC.
ST5 Fast answers	W3 No path to apply · W6 Kuwait questions	24-hour replies and 15-minute calls; the HR-approved Kuwait wording, word for word.
ST6 Proof stories	W1 Event-heavy content · W4 Unused proof	Five real graduates telling their own story.
ST2 / ST3 Show the price	W2 Hidden price	Monthly figures in videos, carousels and ads.
LT1 Staff-room choice	W1 · W4 · W7	A consistent message that people repeat to each other.
LT6 Decide with data	W8 No measurement	Sunday snapshot every week; full report after each deadline.

BIG IDEA AND MESSAGES

Grow where you teach.

The 62% statistic does three jobs at once:

1 · Social proof for ACA staff

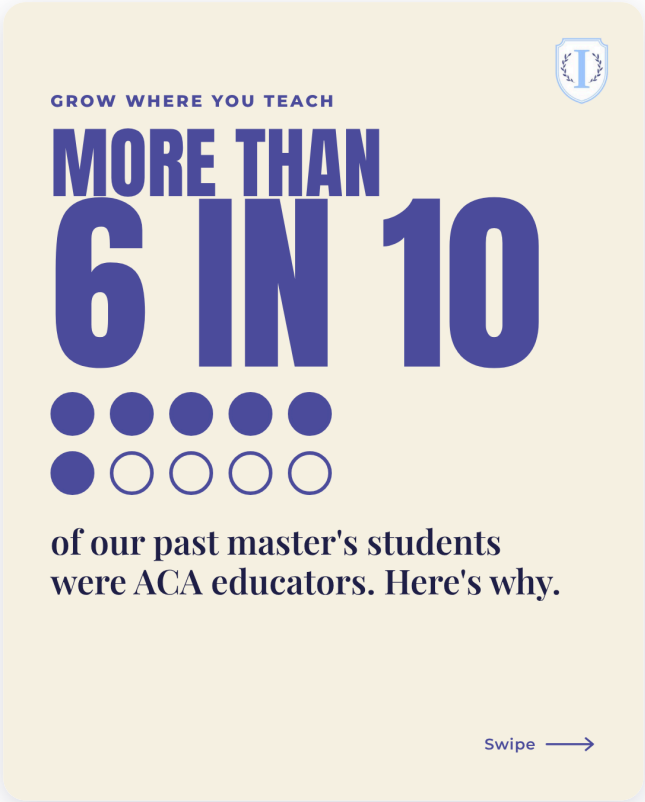

"Your colleagues already did it." Someone in the same staff room, with the same workload, finished it.

2 · Credibility for external educators

An international school chose this programme for its own people. That is an endorsement.

3 · Feasibility

If full-time ACA teachers manage it, the schedule works.

C01 — the campaign hero carousel, built in PLI's own style with the new 6-in-10 dot badge.

MESSAGE ORDER (EVERY ASSET LEADS WITH ONE AND SUPPORTS IT WITH ANOTHER)

#	Message	What we say
1	**Proof**	Your colleagues already did it — more than 6 in 10 of our past MAED students were ACA educators.
2	**Built for working teachers**	Weekly in-person classes in Kuwait, 18 months, keep teaching.
3	**Simple money**	Pay monthly over 18 months · ACA staff rate · PL stipend + signing bonus · referral reward (fees by email).
4	**Credibility**	Saint Mary's University of Minnesota, accredited in the US by the Higher Learning Commission.
5	**Reach**	An online option for anyone outside Kuwait, leading to the same degree.

TONE OF VOICE

Warm, direct, colleague-to-colleague. Short sentences. Talk to "you", not "candidates". No hype, no promises of promotions, salary adjustments or work permits. International English for a Canadian, American, British, South African, Lebanese, Jordanian, Tunisian and Kuwaiti audience.

WHO WE TALK TO, AND WHERE

Five audiences, four channels.

#	Audience	What they need to hear	Main channels
A	**ACA staff** — the core (~62%)	Your colleagues did it · ACA staff rate, paid monthly · PL stipend and signing bonus · classes on campus · referrals save money	Internal first, then Instagram, LinkedIn, retargeting
B	**New ACA hires**	Your signing bonus and PL stipend can fund a master's · start your first year with a plan	HR onboarding, Instagram, staff email
C	**External educators in Kuwait** (~38%)	A US degree delivered in Kuwait · built for working teachers · pay monthly	LinkedIn (main), Instagram, Facebook groups, Meta ads
D	**Educators outside Kuwait**	Same programme, same degree and diploma, studied online	LinkedIn, Meta ads (GCC), ACA alumni email
E	**Experienced leaders** (10+ years)	Executive doctorate, online, no dissertation, monthly plan	LinkedIn (main), personal outreach
F	**Kuwaiti citizens** (sensitive)	The HR-approved wording for Kuwaiti citizens — handled one-to-one, never targeted with salary or career-benefit messages	Personal conversations, FAQ

THE JOB OF EACH CHANNEL

LinkedIn — convince (main)

Credibility, external educators, leaders, Ed.D. 3 posts a week (Sun, Tue, Wed, 8:30 am) + a personal post from Salwa every two weeks. Document ads, video ads, Lead Gen Forms.

Instagram — remind

Emotion, community, ACA staff reach. 3 feed posts a week (Sun Reel, Tue carousel, Thu post, 8:30 pm; 9:30 pm in Ramadan) + stories 5–7 days a week.

Facebook — reach

Older and Arab expat educators, teacher groups, and required for Meta ads. A PLI page linked to Instagram; cross-post every feed post the same day.

Internal ACA — convert

Staff emails, principals' briefings, staff-room posters with QR, graduate ambassadors, a 2-minute slot at every Saturday Learning Series.

Why both LinkedIn and Instagram matter for staff: LinkedIn is where people evaluate a degree; Instagram is where a colleague's face in a Reel lands in the evening. LinkedIn convinces, Instagram reminds.

Fix the path before spending a dinar.

3. **Comment-to-DM.** “Comment MAED and we'll send you the programme guide” (also PLAN, C&I, LEAD).
4. **Response standard.** A reply within 24 hours (working days) and an offer of a 15-minute call.

SIMPLE RULES

- Test 2–3 creatives per ad set; after 10–14 days pause the one with the highest cost per lead and move budget to the best.
- Raise budget 30% in the final 10 days before each deadline; pause cohort ads after the deadline (Ed.D stays on).
- Tag every link: utm_source / utm_medium / utm_campaign (jan27, mar27, edd, online) / utm_content (asset ID, e.g. V01).

MEASURE AND PROTECT

Know what works. Never over-promise.

Level	KPI	Target
Business	Enrolments per cohort (January / March / online / Ed.D)	Set with PLI
Conversion	Applications · calls booked · lead-to-application rate	25–35% lead → call
Leads	Leads by source and segment; cost per lead	Set with PLI
Engagement	Saves + shares (IG), document completion (LI), Live attendees, DMs	Week-on-week growth
Reach	Reach, 3-second video views, follower growth	Week-on-week growth

Rhythm: a short snapshot every Sunday (leads, top 3 posts, actions) and a full report after each deadline (reach → leads → calls → applications → enrolments by segment and source).

MAKING IT HAPPEN

How to run it, week by week.

THE FIRST 7 DAYS

1. Confirm the items on the previous page with PLI and HR.
2. Create the enquiry form and the lead tracker; fix the “Apply Now” buttons.
3. Create the PLI Facebook page; set up Meta and LinkedIn ad accounts, Pixel and Insight Tag.
4. Update the Instagram bio, highlights and covers (ready in the kit).
5. Collect graduate stories, photos and consent; recruit ambassadors.
6. Choose the voice (male or female) for the videos and schedule Week 1.
7. Send staff email #1 and brief the principals.

EVERY WEEK (30 MINUTES ON SUNDAY)

1. Check last week's numbers: leads by source, top 3 posts, cost per lead.
2. Update the lead tracker; adjust ad budgets.
3. Schedule the week's posts from the kit (captions are ready to copy).

EVERY DAY (10 MINUTES)

1. Reply to comments and DMs the same day.
2. Move new leads into the tracker and offer a 15-minute call.
3. Reshare graduate and colleague posts to stories.

AFTER EACH LIVE AND DEADLINE

1. Cut 2–3 short clips from each Live into Reels/LinkedIn videos.
2. Turn new questions into story answers.
3. After each deadline, write the full report and keep what worked for the next intake.
